To Whom It May Concern:

I am writing to express my complete satisfaction with Madhu Khemani as a realtor. Throughout the entire process Madhu was very professional, conscientious, and motivated. She took time to understand our needs, budget and preferences. Accordingly she presented available listing to us.

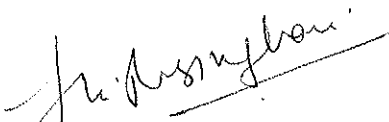

She was very prompt in answering our questions and I had many because the transaction she helped us with was our first home. She ensured that everything we understand before signing any document/ offer.

Since that house we bought was via a short sale, she was constantly in touch with seller's agent and bank to get an update for us. Also she helped us recommending people/ companies for Mortgage, Home Insurance, and Contractors to work on the property.

I will definitely use her again in my future property transactions.

I would be delighted to answer any specific questions regarding Madhu's performance. I may be reached at 650 766 5700.

Sincerely,

(Jai Raisinghani)
